

[SAP Classes in Pune](#) Although the gap between both categories is shrinking, niche functional modules and those integrated with emerging technologies still fetch higher premiums for beginners.

In High-Demand: SAP BTP (Business Technology Platform), S/4HANA FICO, and SAP + AI/GenAI.

Beginners in these niches, provided that they have relevant certifications, might earn ₹15-₹30 LPA.

Standard Modules: SAP ABAP, SAP MM, and SAP SD. These would typically earn around ₹4-₹7 LPA.

2. Certification & Training

SAP Global certification becomes a must to enter a high-paying Associate role. Individuals who are self-taught or who took courses in some training institute in India [SAP Course in Pune](#) would probably get the bottom of the pay scale (₹3-₹4 LPA).

3. Location

Higher starting salaries to make up for a high cost of living can be found in major technology centers:

Tier 1 (High Salary): Bangalore, Gurgaon, Pune, and Hyderabad.

Tier 2 (Average Salary): Chennai, Mumbai, and Delhi.

Career Progression

The true "salary leap" usually occurs after the second-three-year period or after completing an entire project of SAP. During this period, employees' salaries usually grow twice or even triple to the level of ₹12-18 LPA.

Tip: If you are a new candidate, pay attention to learning S/4HANA. The world is leaving behind the outdated ECC platform, and being prepared for S/4HANA will give you a better chance to get high-paying jobs. [SAP Training in Pune](#)
